

# THE DR. A. T. STILL OSTEOPATHIC INFIRMARY WILL DONATE \$5,000.00 TO THE CHURCHES OF EL PASO IF THE MEDICAL DOCTORS WILL DO LIKEWISE

We will have a contest, each to take an equal number of patients of every known disease---Lung Fever, Diphtheria, Scarlet Fever, Asthma, Consumption, Deafness, Eye Diseases, Appendicitis, Liver Troubles, Indigestion, Constipation, Brights Disease and all Kidney Troubles, all Female Diseases, Abscesses, Tumors--in fact every disease known--and the one who loses the most patients gives up the \$5,000.00 to the churches. We can show you then why the dead wagons back up to the drug hospitals and drag them out through the back windows and doors at the rate of 75 to 200 to our one. This is appalling when you stop to think about it. But Dr. Jones, the great typhoid fever specialist, was right when he said he used to lose from 75 to 200 out of 1146 cases and that after he tried Osteopathy he only lost one patient out of 1146 cases, and that no well man could take the drugs and stimulants given a sick person and live.

That is why the dead wagon hauls them off by hundreds. For Nature cannot stand the exhaustion, as it is already exhausted trying to carry out the poison of the disease.

**YOU REST YOUR ARM WHEN IT IS TIRED,** why don't you do the same with your liver, stomach, kidneys, lungs, or other organs, instead of whipping them up with poisons and stimulants until death is result.

**Do your best to get the medical doctors to accept this offer, for you will save the lives of 7,552,500 people**

annually, and prove to the world that Dr. Mayo was right. It is a dead profession and that drugs and Anti-Toxins from diseased animals all exhaust and kill the patient. That is why one-third die in prime of life with Consumption, one-fourth with Typhoid Fever, one-tenth with Cancer. That is why Osteopathy without giving a drop of drugs or Anti-Toxins has cured EIGHT THOUSAND cases with a loss of only eight patients. And we want to demon-

strate to the world and back it with the cash, so that no person, no matter how ignorant, need ever be poisoned and stimulated into an early grave. For it is a dead profession. And that is why 43 states have now recognized Osteopathy and appointed Osteopathy Examiners for the medical doctors. And the doctors for the King of England have sent one of their family over here and taken a course in Osteopathy, for it has taken the world. Lay aside your prejudice and try it. And it will cure you like it has millions of others and save you from a premature grave.

## OPINIONS OF PROMINENT MEN

What the Chicago Times-Herald Thinks of Osteopathy and Also the Governors of Forty-three States Who Have Signed Bills Making it Legal, in Spite of the Bitter Opposition of the Medical Associations.

CHICAGO TIMES-HERALD:

"Osteopathy holds laurels for the student and for the practitioner, not

equaled, in my judgment, in any other field on earth. Osteopathy is the opportunity of an epoch!"

HON. J. CROUT,

Governor of Vermont, when the Osteopathic bill passed the Legislature in his state, said:

"Osteopathy has been tried by the leading men and women of our State and they all testify to its merit. We will give it a chance."

HON. L. M. SHAW,

Governor of Iowa, who signed the Osteopathic bill in that State, said:

"I have heard a great deal about Osteopathy and talked with a great many who have taken Osteopathic treatment and I am fully convinced that it is a rational system of healing."

HON. B. McMILLAN,

Governor of Tennessee, who signed the bill in that State, said:

"The bill legalizing Osteopathy in

this State passed both houses almost unanimously. It is one of the greatest discoveries of the times."

GOV. EDWIN C. SMITH,

Governor of Vermont, is an ardent admirer of Osteopathy.

"My experience with Osteopathy has been very gratifying. It should be legalized in every State in the union."

OPTE READ,

America's well known writer and editor of Carter's Monthly:

"My attention was first called to Osteopathy by a friend whose wife was cured of insanity. Closely following, I knew of a prominent business man who was cured of paralysis. It regenerated me. I have added reading to observation and I honestly believe it to be one of the most wonderful discoveries of any age. I would recommend any man, not too old, who is dissatisfied with his

profession--I would advise every young physician to study Osteopathy."

EX-GOV. WM. F. DILLINGHAM,

Of Vermont, was an active advocate for legislative action. He said:

"I have employed practitioners of that school to treat members of my family and have been particularly pleased with results. I firmly believe that this practice is based on scientific principles, and is an advance on medical science."

HON. H. F. PINGREE,

Governor of Michigan, who signed the bill legalizing Osteopathy in that State, said after a thorough and careful official investigation:

"Osteopathy is a science entitled to all respect and confidence as a distinct advance in medicine. I know that it is doing a vast amount of good in relieving suffering and deformity that is not amenable to benefit from drug medicine."

HON. T. A. BRIGGS,

Governor of North Dakota, when importuned by the Medical Board not to sign the bill legalizing Osteopathy in his State, said:

"Osteopathy has helped me. It has also done good in my family and will hurt no one. The bill passed both houses and I will sign it."

HON. JOHN P. ALTGELD,

Governor of Illinois, after taking several months' treatment and having his wife treated, said:

"I am indebted to Osteopathy for great good to both Mrs. Altgeld and myself. When prescriptions and drugs were as ineffectual as empty words it came to our rescue and did what other things had failed to do. Honor those to whom honor is due."

HON. JOHN R. TANNER,

Governor of Illinois, who signed the bill legalizing Osteopathy in that

State, said:

"The State Medical Board has been fighting the Osteopaths long enough. There is no doubt in my mind that Osteopathy will reach and cure many chronic troubles that medicine would have little or no effect on. This is testified to by men and women in the highest walks of life and from all over the State of Illinois."

MRS. W. M. SPRINGER,

Wife of Congressman Springer--afterwards Chief Justice of the Court of Appeals, Indian Territory:

"I can never say enough in praise of Osteopathy. It relieved me from unbearable invalidism. I have seen it do the same for scores of others. I believed before I tried it that it was a scientific method . . . and now I am convinced that Osteopathy is rational, scientific and wonderful. It will be the greatest blessing to the world."

**Look at Poor Johnnie and Then You Can See Why the Dead Wagon Is Continually Backed Up to These Medical Hospitals and They Shove Them Out Through the Windows and Back Doors in Doves to Keep You from Knowing It, While They Stand at the Front Door and Smile and Lure You In---"Come Into My Parlor Said the Spider to the Fly"---They Always Remind Me of Moths Around a Lamp: While Thousands Lay Dead at Their Feet Other Foolish Ones Rush in and Are Destroyed.**

## 7,552,500 DEATHS DUE ANNUALLY TO DRUGS AND ANTI-TOXINS

Poor Johnnie died of Exhaustion, Poison, Dope and Anti-Toxins, Poisons from Diseased Animals.

Dr. Jones, great Typhoid Fever specialist, who lost only one by Osteopathy out of 1146 cases, said: "No well man can take the drugs and anti-toxins given to sick people and live."

Dr. Mayo, the greatest Surgeon of America, said: "No intelligent man ought to spend two hours in the study of Materia Medica. It is a dead profession and all drugs are poisons and exhaust instead of build up the patient."

According to the Medical Doctors themselves. They have left us in such a condition of exhaustion and shivered nerves from poisons and stimulants that one-third of the Johnnies and Marys, and Mothers and Fathers die in the prime of life with Consumption. That is annually die with Consumption . . . 1,500,000 One-fourth annually die with Typhoid Fever . . . 1,125,000

One-tenth annually die with Cancers . . . 450,000

Total deaths caused by drugs 3,075,000

Deaths by other diseases . . . 4,500,000

Total deaths by drugs . . . 7,575,000

If they had all been doctored by Osteopathy there would have been no Consumption, Typhoid Fever or Cancer cases. That would have saved annually . . . 3,075,000

Out of the 4,500,000 other diseases we would have lost only 22,500 and saved the lives of 4,477,500

Total lives saved annually by Osteopathy . . . 7,552,500

That would have died under drugs.

No wonder the shrewd business man brought his wife to us, as thousands of others have done, when he saw the dead wagon backed up to the drug hospitals and they kept poking them out

through the windows and back doors and hurrying them home so they could die there and they would keep people from finding out what a drove died each year from their poisons and carrings. While at the Osteopathic Infirmary, where there was three or four times as many being doctored everybody was smiling and getting better and no dead wagons continually marring the scenery. How can the mothers and fathers cry to their offended God in the hour of their affliction.

Who wrote "Cursed is he who putteth the intemperate cup to his neighbor's lips." All poisons are intemperate and exhaust you unto death. God said: "If any man come in contact with anyone who hath any kind of an issue from the flesh, go bathe thyself." Not inculcate yourself with the vile excretions from diseased animals with your vaccinations and anti-toxins.

**YOU HAVE BRANDED GOD AS A LIAR AND YOU ARE REAPING THE CONSEQUENCES AT THE RATE OF 7,552,500 DEATHS ANNUALLY. THOU FOOL.** "For the Fool has said in his heart, There is no God."

God has said: "IN THE BLOOD IS THE LIFE OF ALL FLESH." It is mixed in God's own laboratory and it made every organ in you. And you can get it to circulate in the part where the stagnant blood is decaying and causing what ever disease you are suffering with. By freeing the nerves by Osteopathy where these poisons have congested it at the spine and shivered and exhausted it. And it will be restored to its normal condition and force the circulation of the blood and you are well again. And you can help by cold and warm applications and baths, and fruit juices and proper foods. And there is no use in VIOLATING any of God's laws by the use of poisons and excretions from diseased animals and stimulants and electricity. For Osteopathy has proved it the world over by only losing about one case in a thousand in every kind of disease. For out of eight thousand cases of every kind of disease at the Dr. A. T. Still Osteopathic Infirmary there was only a loss of eight. For it is in perfect harmony with every law of Nature and God. And therefore it will some day be improved on but never changed. For the laws of God never change. No wonder 43 states have made laws in its favor and appointed entire or in part medical boards of Osteopathy to examine the doctors. For it has taken the world, and now has 7000 doctors scattered all over the United States and Europe and is only 17 years old. There never was such progress made in the history of the world in any other science.

Poor Little Johnny.

His nerves are already exhausted and have allowed stagnant blood to accumulate and decay and caused the disease. Now these nerves will be utterly exhausted and shriveled up fighting the diseased matters of the anti-toxins and poison drugs they are injecting into him. He will seem better while the poisons last and they will say, See how he is improving. Then he will go into some chronic disease. And more poisons will heal it up. Then the stagnant blood will overtax the poor, tired lungs.

Consumption the Result.

One-third of us die in the prime of life with Consumption, one-fourth the digestive organs exhausted into typhoid fever victims, and one-tenth die with cancers. No wonder Dr. Mayo, the greatest surgeon of America, said: All these anti-toxins are simply poisons from diseased animals and all drugs are simply irritating poisons which exhaust the nerves in the end and some chronic disease or death is the result. He says you claim the patient is getting better and it seems so while the poison is in the system and is irritating it up. And if the trouble is only slight they may live in spite of you. But the death rate in the study of Materia Medica. It is a dead profession and we let them die in their hotels and on their way home when they come here with all the vital-

ity exhausted from poisonous drugs and anti-toxins, for they would say we killed them on the surgeon's table, when in fact you killed them before they left home."

Dr. Jones, the great Typhoid Fever specialist, who only lost one case out of 1146 by Osteopathy, when he had lost from 75 to 200 out of the same number under drugs, was right when he said: "No well man could take drugs and live, that are given to the already exhausted sick people. No wonder the dead wagon is continually backed up to these various medical hospitals and they poke them out through the windows and back doors and fill them up on poison dope and rush them off home before they die on their hands, while at the Osteopathic infirmary, where three or four times as many are being doctored, everybody is smiling and getting better. And there is only one death out of a thousand. You cannot put these intemperate cups of poison and stimulants to your neighbor's lips and not reap the consequences of an insulted God, who wrote, 'Cursed is he who putteth the intemperate cup to his neighbor's lips.' YOU ARE BRANDING HIM AS A LIAR. And you are REAPING HIS WRATH in the loss of your loved ones. 'HEAR THE VOICE OF RACHEL WEeping FOR HER CHILDREN. And she would not be comforted because they were naughty.'"

The Home of Happy Johnny Osteopath

Whose father is a wise man, and believes God meant just what he said when he wrote, "Cursed is he that putteth the intemperate cup to his neighbor's lips." And, "If any man comes in contact with any man who hath any issue from the flesh, go bathe thyself." And, "In the BLOOD is the life of ALL FLESH." It made every part of your body, and if you restore the circulation by Osteopathy it will carry out the stagnant, decaying blood that is

causing the disease, and you are well again. That is why the Dr. A. T. Still Osteopathy Infirmary has cured eight thousand with a loss of only eight. And 43 states have recognized it as the only way to cure disease. For it is Nature's way. And the curing of the greatest percent of all kinds of diseases of any science ever discovered proves it the only way to cure diseases and keep us well and happy. And no danger from Consumption, Typhoid Fever and Can-
